Eric Colon
Director Of Development
New York, New York

Summary

Friendly and goal-oriented web developer with a passion for creating beautiful and accessible websites. My self-taught skills and formal education have allowed me to work with a variety of clients over the years and launch several of my own projects.

Experience

Ramius Consulting
Director Of Development
May 2018 - Present
Denver, Colorado

Ramius Consulting is a team of passionate content creators, designers, marketing experts, and healthcare industry veterans. Our mission is simple: to connect patients and their families with educational and legal resources and to drive qualified leads for our clients.

Institute UX design processes for all web development, ensuring a user-centric approach.
Oversee the design and development of all web apps.
Perform A/B tests and facilitate data-driven implementation.
Conduct user research to identify possible improvements to current designs.
